

# AYJGLOBAL Co Operative Education Program In Hong Kong Summer

With the co-operation of the Toronto District School Board, AYJGlobal provides an opportunity for secondary school students to earn Ontario credits during the summer in Hong Kong and Taipei. All courses will be taught by experienced and certificated teachers in an English speaking environment using the Ontario curriculum. Credits will be granted to successful students by the Toronto District School Board.

One of the courses that we will be offering in the summer of 2012 is Co operative Education. Students applying for this course must meet the following criteria:

1. be at least 16 years of age by December 2012
2. have acquired at least 16 high school credits by June 30, 2012
3. have demonstrated in their home school good attendance and punctuality
4. have received positive references from two of their previous teachers

Students applying for this program are to complete the Co operative Education Application forms and mail them to:

AYJGlobal  
1881 Yonge Street  
P.O. Box 48030  
Toronto, Ontario M4S 3C6  
Canada

Students who have applied for this program will be interviewed by the teacher and then, if they are appropriate candidates, the students will be accepted into the program.

Co operative Education students will meet with their teacher in a school setting in a classroom environment in Hong Kong to learn "job readiness" skills. After this preliminary educational process, the student will be interviewed by a potential hiring organization that is involved in this program. Once the student has been accepted by the organization, the student will work for approximately three weeks, full days. During the work period, an employee of the organization will supervise and train the student(s) at the workplace. The work experience will be in an English speaking setting.

Along with the organization's supervision, the co operative education teacher will periodically visit and monitor the student at the workplace. Students are evaluated based on their employer's evaluations, their teacher's evaluations and assignments and projects completed.

If you know of an organization in Hong Kong that would be willing to take a co operative education student for this time period, please let us know. It is our expectation that students will not work for relatives or friends, but if you have a connection with an organization, please provide the following information:

Name of Company \_\_\_\_\_

Contact Person and Position \_\_\_\_\_

Full Address \_\_\_\_\_
